Bat the Angels

God Forbid

Cast me to the fire
Nail me to the first cross you see
I am a sinner. I am a disgrace
These scars on my back will soon be replaced
We bat the angels out the sky
We bat the angels out the sky
We bat the angels out the sky
We bat the angels 'til they die
My dreams are that of an angel
And I believe the angel lives in me.
I am a sinner
i am a disgrace
Feel this, this change through me
Feel this, the world will pay
We bat the angels out the sky
We bat the angels out the sky
We bat the angels out the sky
We bat the angels 'til they die
My dreams are that of an angel
And i believe the angel lives in me
Out the sky. We bat the angels out the sky
We bat the angels out the sky.
