

The Great Procrastinator

Ivan Campo

I saw something
all for nothing because ...
The right place the wrong love
But of course she said no
don't you be shy
Don't you look up
times on your side
A plasticine dream
Do you comprehend?
A frivolous thing let's not pretend
That you
didn't
see
Give up waiting
Procrastinating
Remorse
strike at the source
But of course she said no
don't you be shy
Don't you look up
time's on your side
A plasticine dream
Do you comprehend?
A frivolous thing let's not pretend
That you
didn't see...
