

# Victoria

## Abney Park

Victoria, come back to me  
I should have never believed  
You've been gone so long  
Why did I let you leave? Victoria, come back to me  
I should have never believed  
You've been gone so long  
Why did I let you leave? Was it simply my self-doubt  
That made me give you away?  
I thought I couldn't take care of you  
Now I'll never see the day Victoria, come back to me  
I should have never believed  
You've been gone so long  
Why did I let you leave? Victoria, come back to me  
I should have never believed  
You've been gone so long  
Why did I let you leave? Our family fell upon hard times  
So many mouths to feed  
Thought you could have a better life  
How could I have seen their greed? Victoria, come back to me  
I should have never believed  
You've been gone so long  
Why did I let you leave? Victoria, come back to me  
I should have never believed  
You've been gone so long  
You've been gone so long  
You've been gone so long  
Why did I let you leave?
