

Can't You See What You're Doing to Me

The Three Degrees

Said you're a friend of mine
But friends don't make each other cry
Baby
Gave you my happiness
But you tell me that I'm like the rest
Like the rest Can't you see just what you're doing to me, baby?
Tell me why you broke your promise to me, baby
Can't you see just what you're doing
To me? Said that our love would last
But it looks as though it's in the past
Baby
Now that you put me down
All my girlfriends say that I'm a clown
I'm a clown Can't you see just what you're doing to me, baby?
Tell me why you broke your promise to me, baby
Can't you see just what you're doing
To me? Oooh, baby
Oo-oooh, oo-oooh, oo-oooh Can't you see just what you're doing to me, baby?
Tell me why you broke your promise to me, baby
Can't you see just what you're doing
To me, baby? Can't you see just what you're doing to me, baby?
Tell me why you broke your promise to me, baby
Can't you see just what you're doing
To me, baby? Can't you see just what you're doing to me, baby?
Tell me why you broke your promise to me, baby
Can't you see just what you're doing
To me, baby?
