

Try Try Try

DJ Bobo

[Verse 1]

You can make it to the top,
Climb a mountain high.
You can be a superstar,
Try try try You can find your destiny,
The meaning of your life.
You can be a superstar,
Try try try You can find your destiny,
The meaning of your life.
Everything you have to do,
Try try try You can make your dreams come true
They could come alive
Close your eyes and let it go
Try try try You can change the world,
No need to cry.

This could be a better place,

Try try try [Chorus]

You gotta try, don't stop,
From the bottom, the bottom of your heart
You gotta try, don't give up,
From the bottom, the bottom of your heart
You gotta try, don't stop,
To see you drowning is tearing up my heart.
You gotta try, don't give up,
From the bottom, the bottom, of your heart.

Don't give up. [Verse 2]

You can find the one to love,
Don't be shy.
Never ever lose your heart,
Try try try You can ride the deepest sea,
You can touch the sky.
You can make it happen, just
Try try try You can be so full of pride,
Hold your head up high,
You can be a hero when yo
Try try try When you're in the darkest night,
Don't tell a lie,
There will be a guided line
Try try try. [Chorus]

You gotta try, don't stop,
From the bottom, the bottom of your heart
You gotta try, don't give up,
From the bottom, the bottom of your heart
You gotta try, don't stop,
To see you drowning is tearing up my heart.
You gotta try, don't give up,
From the bottom, the bottom, of your heart.
You gotta try, don't stop,
To see you drowning is tearing up my heart.
You gotta try, don't give up,
From the bottom, the bottom, of your heart.
You gotta try.
