Empty (Hideaway)

Sonique

The shallow need to feel wanted
Worshiped and adored never be ignored
I give you love but you don't see it
You never understand
My world is in your hands andI have this thought in my head
And it's about being noticed
I have this thought in my head
And it's about being noticed
(No)We hide away
Somebody stop me feelin' empty
(No)
We hide away
(No)
Somebody stop me feelin' emptyYou start the dance but I am leadin'
I act out the abuse
Bewildered and confused, oh
Tonight I am yours but I don't feel it
You say it's all a game, but one can only play itI have this thought in my head
And it's about being noticed
I have this thought in my head
And it's about being noticed
(No)We hide away
Somebody
We hide away
Somebody stop meWe hide away
Somebody stop me feelin' empty
We hide away
Somebody stop me feelin' empty
We hide awayI have this thought in my head
And it's about being noWe hide away
Somebody stop me feelin' empty
We hide away
Somebody stop me feelin' empty
