Rock It In Rhythm

Tampa Red

When you're out for a lovely evening
Forget about your daily blues
And rock it in rhythm, everybody's singin'When old man gloom is at you
I tell you just what to do
Rock it in rhythm, everybody's singEverybody's due, you can learn it too
It's the hottest thing in town
You raise your head, you hold your hand
And start to messin' 'roundAnd if you are blue and drowsy
Start to drinkin' too
And rock it in rhythm, everybody sing, yeahWhen you're out for a lovely evening
Just forget about your blues and cares
And rock it in rhythm, everybody's singin'When old man gloom is at you
I tell you just what to do
Rock it in rhythm, everybody's singEverybody's due, you can learn it too
It's the hottest thing in town
You raise your head, you hold your hand
And start to messin' 'roundAnd if you are blue and drowsy
Just start to drinkin' too
And rock it rhythm, everybody now!
