

Warm Whispers

[Missy Higgins](#)

Your warm whispers
Out of the dark they carry my heart
Your warm whispers
Into the dawn they carry me through

And I am weeping warm honey and milk
That you stay surrounding me, surrounding me

Your warm whispers
Letting me drown in a pool of you
Your warm whispers
Keeping the noise from breaking through

And I am weeping warm honey and milk
That you stay surrounding me, surrounding me
Yeah, I am weeping warm honey and milk
That you stay surrounding me

Your warm whispers
Your warm whispers

And I am weeping warm honey and milk
Your warm whispers
Yeah, I am weeping warm honey and milk
Your warm whispers

Your warm whispers
Your warm whispers
Your warm whispers
