

# Little red book

## Cordalene

I just got out my little red book  
The minute that you said goodbye  
I thumbed in through my little red book  
I wasn't gonna sit and cry And I went from A to Z  
I took out every pretty girl in town  
They danced with me and as I held them All I did was talk about you  
Hear your name and I'd start to cry  
There's just no getting over you, ohh, no There ain't no girl in my little red book  
Who could ever replace your charms  
And each girl in my little red book  
Knows you're the one I'm thinkin' of Ohh, won't you please come back  
Without your precious love I can't go on  
It's hard to be, I need you so much All I did was talk and talk about you  
Hear your name and I'd start to cry  
There's just no getting over you, ohh, no Ohh, won't you please come back  
Without your precious love I can't go on  
It's haunting me, I need you so much All I did was talk about you  
Hear your name and I'd start to cry  
There's just no getting over you All I did was talk and talk about you  
Hear your name and I'd start to cry  
There's just no getting over you, ohh, no All I did was talk about you  
Hear your name and I'd start to cry  
There's just no getting over you All I did was talk and talk about you  
Hear your name and I'd start to cry  
There's just no getting over you, ohh, no
