One Good Reason

Taryn Scali

Take me out of here Place is getting much too small Make me disappear Vanish through the nearest wallGive me one good reason why I should stay? Give me one good reason to go on this way Give me one good reason why I should stay with you With you? Take me out of here Place is closing in on me Make it disappear Somewhere else I wanna beGive me one good reason why I should stay? Give me one good reason to go on this way Give me one good reason why I should stay with you With you? Give me one good reason why I should stay? Give me one good reason to go on this way Give me one good reason why I should stay with you With you, with you? Take me out of here
