

# Kryptonite (Feat. Rich Boy)

Mario

I'm trying to save us, girl  
They got that, they got that kryptonite It seems the more I try to do right, the more I lie  
About being at sessions and leaving at certain times  
She's like, "Where you at?" "I'm at the studio with Oak"  
And I'm thinking to myself we cut that record days ago 'Cause shorty on the East Side  
Hit me up and wanna know if I could stop by  
Now I'm contemplating what I'm gonna say  
'Bout this being the umpteenth time that I'm late I wanna be your Superman  
I'm trying to save our love the best way that I can  
'Cause these girls they're like kryptonite, these girls my kryptonite  
These girls got kryptonite, these girls my kryptonite And I really wanna make it work  
But I can't stop messing 'round, out here doing dirt  
'Cause these girls they're like kryptonite, these girls my kryptonite  
These girls got kryptonite, these girls my kryptonite, oh baby It's like the more I brush 'em off, the more they call  
The more I wanna tell them that I'm not involved  
With anyone, when I know it's you  
Wanna tell the truth but it's just so hard to do How that thing be looking, it's driving me crazy  
It's the reason I won't tell 'em I got a lady  
Now I'm trying to contemplate on what I'm gonna say  
On this being the umpteenth time that I'm late No matter what I do I know that you're my true love  
But I just can't help it to get caught up with all these broads  
Sitting here with this mic in my hand  
Trying to recall the words to make my baby understand I wanna be your Superman  
I'm trying to save our love the best way that I can  
'Cause these girls they're like kryptonite, these girls my kryptonite  
These girls got kryptonite, these girls my kryptonite And I really wanna make it work  
But I can't stop messing 'round, out here doing dirt  
'Cause these girls they're like kryptonite, these girls my kryptonite  
These girls got kryptonite, these girls my kryptonite, oh baby Oh yeah yeah, I want you to be my Lois Lane  
Girl, I promise I'm gon' change and it ain't gon' be this way forever  
Girl, I'm gonna get myself together  
'Cause you're the one I love And girls are like a drug that I can't get enough of  
I'm just so confused, don't know what to do  
'Cause the way that it's feeling, I like how it's feeling  
It's getting so hard to fight that feeling I'm a rich boy riding in my big superstar shit  
The one girls try to get, they text me on my Sidekick  
Bring 'em to my palace, tell 'em take it off we'll make a flick  
Every night I do it so at least one chick I gotta get Just like kryptonite them girls make me super weak  
Suck my dick and play with me until they put me straight to sleep

Twenty girls on my sheets, seven days out the week  
It's hard trying to hold it down with groupies trying to get with meI daydreaming, fantasizing with my eyes  
closed

I love you, girl, but I'm addicted to them hoes  
If balling is a sin then God, please forgive me  
My women so bad and my money so filthy reallyI wanna be your Superman  
I'm trying to save our love the best way that I can  
'Cause these girls they're like kryptonite, these girls my kryptonite  
These girls got kryptonite, these girls my kryptoniteAnd I really wanna make it work  
But I can't stop messing 'round, out here doing dirt  
'Cause these girls they're like kryptonite, these girls my kryptonite  
These girls got kryptonite, these girls my kryptoniteI wanna be your Superman  
I'm trying to save our love the best way that I can  
'Cause these girls they're like kryptonite, these girls my kryptonite  
These girls got kryptonite, these girls my kryptonite
