

Stay

The Temptations

Ooh:ooh:mmm:mmm:yeah:hey:

On, no

Na, na, na, na, na, na, yeah:ah:ah:yeah:yeah:

Just to feel your body, your sensual desire
You know my heart goes crazy when your tender lips touch mine
Let's explore our love and the candlelight and wine
We'll leave the world behind, baby

[Girl, do you believe] In the miracle of love
[Would you try and see] I'm the one you're dreamin' of
[Baby, close your eyes] Let the fantasy become real
Oh, yeah (Will I)

Stay till the mornin', baby, rock me, girl
Like I want to rock you (Like I want to rock you) [Please] (Stay with me, baby)
Stay till the mornin', baby, let me know
That you want me too [I want to rock you, baby] (I want to rock you, baby)

Can you feel me, baby, 'cause I'm comin' from the heart
You're such a sexy lady, ooh, just tell me where to start
I'll make sweet, sweet love like you never felt before
And give you so much more, hey, hey

[When you need a friend] I will come to you
[You just tell me when] Girl, that's all you got to do
[Let me be your man] I will be your pleasure
[Anytime] Anytime (Anytime you need)

Stay till the mornin', baby, rock me, girl
Like I want to rock you (Ooh, don't you want to stay with me, girl) [Do you want to stay]
Stay till the mornin', baby (Yeah), let me know
That you want me too (Ooh, girl, I want you to stay with me, yeah)

Stay till the mornin', baby, rock me, girl
Like I want to rock you (In the mornin', in the evenin', and all night long)
Stay till the mornin', baby (Oh), let me know
That you want me too [I want you] (I want to rock you, baby) [Don't you want me too]

I'll save you from the highest mountain (The highest mountain)

Paint the words acro
