

There's Another Side

RTZ

You say we're through and you don't wanna fight
You say I've been cruel to you, and I guess that's your right
Well, before you haul out that ball and chain
I'm not the only one who's to blame

There's another side
(There's another side)
There's another side
If the truth be known
There's another side
I've still got my pride
There's another side
But I've been dealt a low blow

You set me up and then you pushed me aside
You tell all your friends that it's me, but it's you deep inside
How many lies were right to my face?
How many lonely nights am I gonna take?

I gave my best to you, baby
But you only let me down
And after I rescued you
Why do you wanna see me drown?

There's another side
(There's another side)
There's another side
If the truth be known
There's another side
I've still got my pride
There's another side
But I've been dealt a low blow
