Dear God

Najwa

I know we burned off fire
In the middle of the fight
My soul is burning
Lost in the darknessFears that I never felt before
BeforeDon't you knock against my door
Still speaking only with one word
This song leaves me
Only this and noneNothing more
Dear God
If I were you
It wouldn't be forgiveness
What I would implore
Dear God
Only this and nothing moreMoving from place to place
And returning to the same spot
Moving from place to place
And returning to the same spot'Cause the more I live
The less I learn, the less I know
And I regret more
'Cause the more I live
The less I learn, the less I know
And I regret moreDon't you knock against my door
Still speaking only with one word
This song leaves me
I'm broken, only this andNothing more
Dear God
If I were you
Dear God
It wouldn't be forgiveness
What I would implore
So dear God
Only this and nothing more'Cause the more I live
The less I learn, the less I know
And I regret more
'Cause the more I live
The less I learn, the less I know
And I regret moreWe burned off fire
In the middle of the fight
My soul is burning(And I regret more)

Dear GodI never felt before
Before(Dear God, dear God)
