

Shut Up Stand Up

Beatsteaks

I quit this conversation
You're right and I'm done
I think you make yourself a victim
There's nothing good enough There's only one color
Deep gray and a bitter taste
You don't know what's there if you don't try Shut up, stand up
You drive me up the wall
I heard it all before
I quit this conversation You don't let your feelings show
I don't know what you got inside
By the way I wanna have a good time with you
