Cruel World

Phantogram

[Verse 1]
I'm putting you out of your misery
Cause darling you're dragging me down
I wish I could say that I'm sorry
But I'm over that, now I'm taking you out
It's a cruel, cruel world[Verse 2]
I used to see beauty in people
But now I see muscle and bones
You know I never wanted to hurt you
But I'm sorry, my friend, this is the end
So I'm saying my goodbyes
[Chorus]
It only ever got me hurt
And I finally learned
It's a cruel, cruel world[Bridge]
Erase you from my mind
I'm sorry, but I'm cutting all the ties
So I'm saying my goodbyes
Good bye to my good side[Chorus]
It only ever got me hurt
And I finally learned
It's a cruel, cruel world
