

Fight Like a Girl

Minecraft Jams

don't judge me by my hair and don't judge me by my clothes (hey!)
don't judge me by my face or the ringments in my nose (hey!)
don't judge me by my house or my boyfriend or my hype
just judge me by the way that I fight
don't judge me by my eyes and don't judge me by my teeth
don't judge me by my skin or my wierd accesories
don't judge me by the way I build or the way I dance at night
just judge me by the way that I fight
fight, fight- fight, fight like a girl
fight, fight- fight, fight like a girl
