

Hands Around My Throat (The Animatrix OST)

Death in Vegas

Back down
And touch
The door is shut
In the end You're just too close
There's no-one here
There's no-one there
I still can't tell Try this
And you might find
I'm in your face
I see your face The air is cold
I'm still on hold
I still can't tell
What's been said
