

# Bewildered

## Cranes

Bewildered, lost in a dream  
In the love I need, why did we part?  
Bewildered, has love, has love died dear?  
Wishing your heart could feel what's in my heart  
Must I have sleepless night  
And endless days?  
Oh love, why did you keep my soul?  
Without a spark I'm in the dark  
Bewildered, I need your  
I need your, I need your guiding hand  
I'll never, no, I'll never understand  
How you can love me, how you can love me  
How you can love me, how you can love me  
How you can love me and leave me  
Bewildered, bewildered
