

# The End

## Kid Cudi

I'd never do it again, do it again, I'd never do it again  
'Cause this is the end, this is the end, this is the end  
I'd never do it again, do it again  
I'd never do it again, 'cause this is the end  
My brother told me a long time ago  
Focus where you're been, G, focus where you tryna go  
I swear the game make you cold like Abominable  
Snowman, oh man, when you tryna shine like gold  
When it's my time to blow, partna, I'ma know  
Kinda miss the getting dough, I was hit with highs and lows  
My mellow tried to play me, like my fuckin' eyes was closed  
Now I'm sittin' here, wishin' that my guys didn't know  
They love a G, so they despise a soul  
What they gon' do to him, beyond my control  
When the reaper calls, it's yo' time to go  
Never play a nigga when you see that he is tryna grow  
Danny Blanco, when he knocked out, caught your toe  
Him pachanga so I'm watchin' every angle  
Under the moon light, with the devil I've tangoed  
Church on the moonlight, Jesus and the angel  
Better control the money 'cause that'll control the bank  
So now I watch a friend the way I watch a stranga  
Do it again, I'd never do it again  
'Cause this is the end, this is the end, this is the end  
I'd never do it again, do it again, I'd never do it again  
'Cause this is the end, this is the end, this is the end  
I'd never do it again  
Chillin', rollin' up somethin' to change mah feelin'  
Thinkin' about how I came up from nothin' when I'm splittin'  
The cigarillo, phone rings, I get a call  
One of my dawgs trippin' hard talkin' about reelin' and killin' 'em all  
I say slow down, slow down, what the fuck you mean nigga?  
Just ran in yo' crib and popped your daughter in the spleen  
I'll be there in 20 minutes, but it only took 15  
We wasn't that tight but cool enough for me to hit the scene  
  
I didn't know that this was all a set up  
Secretly they want me wet up  
Jealous of my future chedda, howeva

Their fastest move was too slow for me, I pulled up  
Wasn't no ambulance, there wasn't no police  
Somethin' fishy goin' on now eve kept pressin' on  
Nine grip thinkin' the killer could still be on the lawn  
Open the front door, they shot, I shot, so I'm drop shit  
The nigga with somethin' to lose just almost lost it  
Won't trust him again  
Do it again, I'd never do it again  
'Cause this is the end, this is the end, this is the end  
I'd never do it again, do it again, I'd never do it again  
'Cause this is the end, this is the end, this is the end  
I'd never do it again  
Tease came through at 3 salute at ease  
He is supplied the weed 'cause I been the OD  
Is me with a black rock star steeze  
Real rock tease, 300 a pop for these  
Please, bum me, you don't owe me money  
Day 'n' night got flipped and I get blow for a grip  
Sippin' on the Heiny with my Jamie boo beside me  
That's my fuckin' best friend  
When I'm tweakin' she be calmin' a brotha  
Like the touch from a motha, I'm so damn comfortable  
I never want to leave it, the feelin'  
It's something like a spiritual healer  
Beaconing me, I think that's the part I find intriguing  
A little bit off, I am, I am, I am  
I see that I'm caught, I am, I am, I am  
It's something like a spiritual healer  
Beaconing me, I think that's the part I find intriguing  
I'm fiendin'  
I'd never do it again
