

# You Really Had Me Going

[Holly Dunn](#)

The way that you touched me made me believe  
You never love any other the way that you loved me  
When you said forever I thought it was true  
We'd be together our whole lives through  
Well, I got to hand it to you You really had me going, stringing me along  
You really had me going, baby and now I'm gone  
You put one over on me said I'm the only one  
You really had me going, baby and now I'm gone You never thought I'd see you in town  
Walking and talking and holding the new love that you found  
You had the laugh when the joke was on me  
But you're going cry when you get to see  
The way that I love when I leave You really had me going, stringing me along  
You really had me going, baby now I'm gone  
I never saw it coming that you could do me wrong  
You really had me going, baby and now I'm gone Oh you proved you're good with a lie  
Are you that good with goodbye you really had me You really had me going, stringing me along  
You really had me going, baby and now I'm gone  
And now I'm gone, and now I'm gone, now I'm gone
