One Hit Wonder

Wiley

At this point the bar that I'm writing is
Much truer than Tiger is
I done twelve tracks went back signed for it
Got three more songs that I tried to fit

Boss says that's cool, I'm alright with it
Then I slide on Twitter, type a bit
Another week of sprayin' another beat
Got the world at my feet again, there's no hiding it

A bait buzz is one that u can't deny
I flow two nans so I can't reply
To any lickle one time half a guy
no style 'pon the beats spittin' fast and why?

'Cause you wanna exceed the speed limit
I laugh when they put speed in it
But I can't hear what's being said clear enough
You wanna mumble your words? Fair enough

I won't hit once, 'cause I'm not a one hit wonder
If I got one I got another one under
The belt, waiting to be released
The UK released the beast

I won't hit once, 'cause I'm not a one hit wonder
If I got one I got another one under
The belt, waiting to be released
The UK released the beast

I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times
I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times

I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times
I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times

I wanna see my name live when I'm gone
I'm gonna write it, put it in a song
All my real fans, get busy
It's been a while but I'm back, it's a grizzy

I'm a mic man, if I get dangerous
I start acting like I ain't famous
Tell a man don't try get in my way 'cause I will put 'em all
Down, got big lyrics in containers

Yeah, my name's Eski
I was a mic man living by a vestry
I know the mind of a king ain't empty
Thank the Lord, I know that he gets me

My time's nearer, I see clearer
My ex calls me but I can't hear her
Tell the whole fam' don't get on my nerves when I'm at work
I got moves to make sure I am a key bearer

I won't hit once, 'cause I'm not a one hit wonder
If I got one I got another one under
The belt, waiting to be released
The UK released the beast

I won't hit once, 'cause I'm not a one hit wonder
If I got one I got another one under
The belt, waiting to be released
The UK released the beast

I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times
I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times

I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times
I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times

Just like any other MC here
I'm an MC who don't care
You could have stripes on your shoulder blades or your back
Where I am you shouldn't be here

The work rate's high, raise that bar to the sky

And I won't bring it down, know why?
'cause I wanna see it elevate, 'nuff of them can't see it
And to this fact they're blind

Me, I don't mind, see through the clothes that blinds
I'm waiting around, not holding a time
I'm racing around that golden mile
I've been laughing and joking a while

But it's not funny some days, don't wanna smile
Hit the road like are you ready?
I get down with the hardest ?
Hit the MacBook, open a file

I won't hit once, 'cause I'm not a one hit wonder
If I got one I got another one under
The belt, waiting to be released
The UK released the beast

I won't hit once, 'cause I'm not a one hit wonder
If I got one I got another one under
The belt, waiting to be released
The UK released the beast

I won't hit once, 'cause I'm not a one hit wonder
If I got one I got another one under
The belt, waiting to be released
The UK released the beast

I won't hit once, 'cause I'm not a one hit wonder
If I got one I got another one under
The belt, waiting to be released
The UK released the beast

I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times
I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times

I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times
I won't hit once, I wanna hit twice
If I hit twice, wanna hit three times
