George of the Jungle

Novista

George, George, George of the jungle
Strong as he can be
Ah, watch out for that tree
George, George, George of the jungle
Lives a life that's free
Ah, watch out for that tree
When he gets in scrapes
When he makes his escapes
With the help of his friend
An ape named Ape
Then away he'll schlep
On his elephant Shep
While Fella and Ursula
Stay in step with
George, George, George of the jungle
Friend to you and me
Ah, watch out for that tree
Watch out for that tree
George, George, George of the Jungle
Friend to you and me
