Jerusalem

Tania Kassis

Your sentries are empty from prayers
And your streets full of angry crowds
Though no way on the roads
And their homes nearly destroyed

Land of many prophisies
City of Abraham
you hold in your arms
The Cross the Star and the Crescent

What's happening to you Jerusalem ?
What's happening to you ?

Be aware city of God city of symbols
Be aware

Your face is devastated
Your heart is stabbed to death
Your blood is spilled around
And you lost you lost your soul

Jerusalem they left you lonely
So lonely with no diffence
city of symbols be aware

What's happening to you Jerusalem?
What's happening to you?
Be aware city of God
City of symbols be aware

What's happening to you Jerusalem?
What's happening to you?
People of the world
Save Jerusalem
People of the world
Save Jerusalem
