

# Jerusalem

[Tania Kassis](#)

Your sentries are empty from prayers  
And your streets full of angry crowds  
    Though no way on the roads  
    And their homes nearly destroyed

    Land of many prophesies  
    City of Abraham  
    you hold in your arms  
The Cross the Star and the Crescent

What's happening to you Jerusalem ?  
    What's happening to you ?

Be aware city of God city of symbols  
    Be aware

    Your face is devastated  
    Your heart is stabbed to death  
    Your blood is spilled around  
And you lost you lost your soul

Jerusalem they left you lonely  
    So lonely with no diffence  
    city of symbols be aware

What's happening to you Jerusalem?  
    What's happening to you?  
    Be aware city of God  
    City of symbols be aware

What's happening to you Jerusalem?  
    What's happening to you?  
    People of the world  
    Save Jerusalem  
    People of the world  
    Save Jerusalem
