Out Of My Mind

[Colbie Caillat](#)

You called me on the phone today
Said those words you always say and I cried
I've gotta figure out what's going on
Inside this head of mine, I try
I'm going crazy thinkin' 'bout the way
I shouldn't have left it all behind
But now I'm gone and somethings wrong
I changed my mind
I'm so in love with you
I don't know what to do this time
And though you're out of sight
You're never ever out of my mind
I saw you just the other day
Those feelings never went away
And I smiled
I told [unverified]
And I want us to be friends
And we'll be alright
Don't know what to say
It's getting harder everyday

But it takes time
You should know
I'm coming home, standby
I'm so in love with you
I don't know what to do this time
And though you're out of sight
You're never ever out of my mind
And as the time passes by
I fall asleep, without you by my side
I go out of my mind
Remembering the way we were before.
I'm so in love with you
I don't know what to do this time
And though you're out of sight
You're never ever out of my mind
Oh no, no no no, ooh, ooh
I'm so in love with you
I don't know what to do this time
