

God Blessed Our Love

[Al Green](#)

Every morning when I rise
I can just see heaven in your eyes
It makes me know
This is not an every day love
We've got something I'm sure we can be proud of
We've got so much love
We've got so much trust
I can see a halo hanging over us
Your love is heavenly design
I like kissing you
Holding you
Wanting you
Squeezing you
