Veda

The Acid

Come, I'll melt you down
God is Sun
Pull me under
Foam is pouring out
Hidden one
Night is wonder
Home until another King
all my blood love is stained
I'm falling
Through my head through my veins
God is Sun and all this space
I'm falling
I'm falling
God is Sun (x4)
Come, Shiva sun
Shock the blood
Shock the Veda
Home, I'm overcome
Flesh and blood
Shock the Veda
Home until another King
All my blood love is stained
I'm falling
I'm falling
Through my head through my veins
God is Sun and all this space
I'm falling
I'm falling
God is Sun (x4)
God is Sun (x6)
