## Eurythmics

Don't touch me  
Don't talk to me about it  
Don't touch me  
Don't talk to me ever again  
I don't feel anything  
All sensation is closed to me  
I saw you put the needle in  
I can still see everything  
Don't touch me  
Don't talk to me about it  
Don't touch me  
Don't talk to me ever again  
Take me to a quiet place  
Throw me in the water  
Watch the bubbles surface as I'm  
Slowly sinking under  
Don't touch me  
Don't talk to me about it  
(Don't touch me)  
Don't touch me  
Don't talk to me ever again  
Don't touch me  
Don't talk to me about it  
Don't touch me  
Don't talk to me ever again  
Don't touch me  
Don't talk to me about it  
(Don't touch me)  
Don't touch me  
Don't talk to me ever again  
Don't touch me  
Don't talk to me about it  
Don't touch me  
Don't talk to me ever again  
Don't touch me  
Don't talk to me about it  
(Hey don't talk to me)  
Don't touch me
