

# Good Song

## Tuber

Waiting, got no time to hide in  
The country got a hold of my soul  
TV's dead  
And there ain't no war in my head now  
And you seem very beautiful to me  
Sleeping, but my work's not done  
I could be lying on an atom bomb  
I take care  
'Coz I know you'll be there  
You seem very beautiful to me

It's the rest of my life  
Just rolling and rolling  
The picture in my pocket  
Looks like you  
It's the rest of my life  
Just rolling, rolling, rolling  
We're all
