

# Coyotes

## Waddie Mitchell

I'm sippin' coffee at a quarter to two  
I wake and I'm dialin' and my mind's runnin' to you  
    No wonder I'm a one woman man  
She keeps my heart in a jar on the nightstandI should tell her that she couldn't be more  
    Opposite than a foot in the door  
    There's no one else I would rather go out with  
That's hell when I see them standin' thereMe and my mouth, we don't mean to be rushin'  
    We talk about thee freely 'cos we crushin'  
    I wanna shake both sides of the butt, yeah  
Theoretically yes, ain't we luckyAnd when the coyotes, they sing in the park  
    It's when the city lights start fallin' for the sea  
        While them roads are windin' down  
        And the flying men'll hit the ground  
        Every motion is close to the touch  
And the coyotes sing when they call on your lovin'Hello, we're comin' back for more  
    You know why we're comin' for you  
    You know we should be, we should be together  
    'Cause once we rock, we won't wanna stop  
Not today or tomorrowAnd not today or tomorrow, oh no  
    You better lock your doors  
    You know why, 'cause we want you  
'Cause we like you a lotI wish the world was a lot like you  
    I wish the wind would blow me through  
    Another opportunity to approach you  
Another telepathic rendezvousI wish you well with your weapon of jargon  
    You got a double sided lexicon  
    I gotta try to keep your attention  
Gotta write usin' less emoticonsI gotta figure out the snooze alarm  
    I wanna lay in your place till dark  
    I wanna play in the park, come on  
Now let me see your other upper echelonAnd when the coyotes escape to New York  
    Then the city life has crumbled to the sea  
    And the girls, all fall to the lost and found  
        The flying men'll hit the ground  
    Every motion is closer to touching the coyotes sing  
When they taste on your lovin'I'm a coyote and I got a taste for your lovin'  
    We're comin' back for more  
    You know why we're comin' for you  
You know we should be, we should be togetherBecause once we rock, we won't wanna stop

Not today or tomorrow, not today or tomorrow, oh no  
Because once we rock, we won't wanna stop  
Not today or tomorrowWe're comin' back for more  
You know why we're comin' for you  
You know we should be, we should be together  
'Cause once we rock, we won't wanna stop  
Not today or tomorrow
