Big Lil' Thing

L.A. Guns

Dig it, it's not real
Someone's got your spinnin' your wheels
Cryin' songs to hell
Someone's got you ringin' your bellI can't help it
'Cause you don't wanna talk about it
All your fears ring in
The back of your head
It's your big little thing
Big little thingYou don't wanna hear it
Baby, it's called reality check
Life is like a bird, life is like a bee
Stuck in the middle and you blame it on meI can't help it
'Cause you don't wanna talk about it
All your fears ring in
The back of your head
It's your big little thing
Big little thingBig little thing
Big little thing
Big little thing
Big little thingTell me why you won't give
You don't wanna hear it
Why oh why
Tell me why you won't give
You don't wanna hear itDig it
Dig it
Dig itI can't help it
'Cause you don't wanna talk about it
All your fears ring in
The back of your head
It's your big little thing
Big little thingBig little thing
Big little thing
Big little thing
Big little thingBig little thing
Big little thing
Big little thing
Big little thing
