No To Love

Jessie Ware

Who says no to love?
Who says no to love?
(Who says no?)
Who says no to love?
(Who says no?)
No to love. No to love.
(No no)
Who says no to love?
Who says no to love?
Who says no to love?
Who says no to love?
What was I thinking of?
Who says no to love?
Who says no to love?
Who says no to love?
And what were you thinking of?
No to love.
No to love. No to love.
No to love. No to love.
Who says no to love?
Who says no to love?
No to love.
Who says no to love?
No to love.

Who says no to love?
No to love.
Who says no to love?
And what were we thinking of?
No to love.
Smashed on sours,
Felt like the man of the hour when we first met
I can'r deny the power,
Could you feel it, feel it in the air
Love is all around, love is everywhere.
Who says no to love?
If they understand the concequence I'll spill permission
Endless ??
A life without you, forever I'll be missing

Forever I'll be missing
A life without you, forever I'll be missing
Without you, forever I'll be missing
Without you, forever I'll be missing
Without you, forever I'll be missing
A life without you, forever I'll be missing
No to love. No to love.
Not o love. No to love.
And what were you thinking of?
