

Wasabi

Budweiser

She's just like wasabi
Looks like a barbie
Yeah she's too hot for me
She's like a tsunami
Can wipe out an army
With a blink of an eye, she can part the red sea
Drives a yellow ferrari
Wears Nike & Amarni
Her jewellery's all Tiffany's
She hangs out with Arni
Sipps champagne in Paris
But all she ever wants, Is to do it with me

Chorus

Wasabi

So damn hot

Yeah my head's gonna blow

Wasabi

She's on eleven

She can go go go

She's organic, Vegan

Eats tofu, no bacon

Every creature's so cute u c

Won't tolerate hate &

No furs & no pagans

Quotes every God, every guru schwarmi

She's wise as Kenobi

Listens to Moby

Every day on her plasma TV

Speaks french and malaysian

Scores 100's and a's 'n

All she ever wants Is to do it with me

Chorus x2

She's just like wasabi

Looks like a barbie

Yeah she's too hot for me

She's like a sunami

Can wipe out an army

With a blink of an eye, she can part the red sea

Flys jets cross the canyon
Sky dives with the band ain't
your average adrenaline freak
Tightropes niagra
Don't need no viagra
Cause all she really wants is to do it with me
Chorus x2
