

# On The Wing

## How To Destroy Angels

We've grown  
Should've known  
All alone  
We wake

Single file  
Remembering how  
And all the while  
We wait

I hear the warnings on the wing  
I don't believe in anything

Kept inside  
Afraid to rise  
Foolish pride  
We wait

Off the trail  
We eat our tails  
I can't fail  
I wait  
And wait

I hear the warnings on the wing  
I don't believe in anything  
I hear the voices rise and sing  
But I don't believe in anything

Used to  
Believe in you  
Yet all we do  
Is wait

---
