

# FM Doll

## Queen Adreena

[I turn my back on my mother's milk  
But I want it back, and its already spilt,  
I said get behind me cos the devil is on my tail  
So to speak  
I said someone's going to jail]Take my doll put on her pretty clothes  
Now don't you soil her dress  
Now brush her hair, paint her lips like a rose  
Now cover up your messStrip baby strip  
Cause your daddy is watching  
Strip baby strip  
Jean Bennet  
Strip baby strip  
So your mother knows nothing  
Strip baby strip on the nailSomeone said the doctor is my friend  
The bruising is his cause  
My soul to save  
A smoking gun in bed  
Behind closing doorsStrip baby strip  
For the soul of your brother  
Strip baby strip  
For his wife  
Strip baby strip  
Cause you know she's not willing  
Strip baby strip  
On the knifeI lost my doll I put on my pretty clothes  
No, I won't soil my dress  
I brush my hair, paint my lips like a rose  
I cover up my messStrip baby strip  
For the soul of you mother  
Strip baby strip  
For her life  
Strip baby strip  
Cause you know your worth nothing  
Strip baby strip  
On the knife
