

Raccoon

The Shoe

Your life in color, all over my skin

I know I needed

It all, all for me.

So I jumped in, in my mouth jumped in I jump inside it before I fell in love with you I said 'Jump while on, all my life'

Oh, I Jump inside it before I knew the way of you I said 'Jump could be my life'. You got hole vocabulary inside in your mouth just spit it out, spit it out. I was to a cheaper before all you that we all jump in a turning way.

Oh raccoon, oh raccoon.

Like my father's son in a haunting day by all the fear and keeping way. Oh raccoon, Oh raccoon.

Don't hear it this. Don't hear it home. Don't hear this I be more alone all okay if I be alone.

I'm Okay. So I jump inside it before I fell in love with it I said 'Jump could save my life'

Yeah, I jump inside it now can't live without the way I felt, I could you've my life
