

Reconstructive Demonstrations

Serj Tankian

They say women cry when walls retire
They say that men die when walls retire

When walls retire

Unconventional

Deconstructive conversations

(Teach us how to eat)

I will never let you go

Conversational

Reconstructive demonstrations

(Teach us how to speak)

Why, confess the final blow

Teach us how to eat

From your broken hands

'Cause nothing seems to grow

Teach us how to speak

The language of your only dreams

No one seems to understand that

We are falling to our knees

I forgot to pray

You forgot to say please

(Kill me)

I never let you go

I forgot to go

You forgot to know me

(Teach us how to speak)

Why confess the final blow

Teach us how to eat

From your broken hands

'Cause nothing seems to grow

Teach us how to speak

The language of your only dreams

No one seems to understand that

We are falling to our knees

Blindness serves not god nor man

So we are falling into disease

We're falling into disease

I'm crawling, I'm crawling

I'm crawling, I'm crawling

I'm crawling, I'm crawling

I'm crawling, I'm crawling
We're falling, we're falling
We're falling, we're falling
We're falling into, into disease
Disease, disease, disease
Disease, disease, disease
Disease, disease, disease
Disease, disease
We've fallen, we've fallen
We've fallen, we've fallen
We've fallen, we've fallen
We've fallen, we've fallen
No one seems to understand that
We are falling to our knees
Blindness serves not god nor man
So we are falling into disease
Disease
