

Hide Your Heart

Kiss

Johnny saw her riding on a street car named desire
His fate was sealed
She could see him coming like a hundred other liars
It was no big deal Rosa had a lover on the shady side of town
Tito, he was king of the streets
And she was his possession like a jewel on his crown
Johnny better run, better run Better hide your heart, better hold on tight
Say your prayers, 'cause there's trouble tonight
When pride and love battle with desire
Better hide your heart, 'cause you're playing with fire The ride was over but the story doesn't end
He took her heart
She looked him in the eye and said they couldn't meet again
You could see the trouble start The word went out that Rosa's messin' with someone
It was on the street
Tito looked for Johnny with a vengeance and a gun
Johnny better run, better run Better hide your heart, better hold on tight
Say your prayers, 'cause there's trouble tonight
When pride and love battle with desire
Better hide your heart, 'cause you're playing with fire, come on Yes, Johnny's holdin' Rosa on a rooftop in the
night
As time stood still
They couldn't hear him coming 'til he had them both in sight
You could feel a chill A shot ran out like thunder and the blood was on her hands
With nothing won
When someone lies dying, lovers finally understand Baby hide your heart, better hold on tight
Say your prayers, 'cause there's trouble tonight
When pride and love battle with desire
Better hide your heart, 'cause you're playing with fire, come on Better hide your heart, hold on tight
'Cause when pride and love battle with desire
Hide your heart, 'cause you're playing with fire
Hide your heart, hold on tight
Say your prayers, 'cause there's trouble tonight
Yeah, yeah, yeah Pride and love battle with desire
Hide your heart, 'cause you're playing with fire
Hide your heart, hold on tight
