

Kamasutra

Tribeca

Hit me up on a 2-way
Telling me that you wanna see me
Midnight is perfect timing
Pull up to the club rims is shining
Put you back in the VIP
Bottles poppin all on me
Your girlfriend is on ecstasy
Grab your coat and roll wit me
When you give it to me baby
Got a nigga going crazy
Living out my fantasies
Girl you need you begging please
Baddest I've ever seen
You got me feeling like a dope fiend
And I just can't get enough
Of your kamasutra love
You go that kamasutra love
Can't enough baby
Kamasutra freak
