

Represent

Crime Mob

Diamond

Know you wanna know who I am and what I stand for
Stability, long jeopardy's Forever making paso's

I take doe

Flip it and rip it so I can make moe

For fake hoes

Diamonds are forever so you better gone and hate hoe

Taking over anything I touch we'll I'm pursuing

So my man got to be equal or rebust to what I'm doing

It's amusing how I'm consaplated

Those who thought I'd never make it

Often immatated but I'm never duplicated
