Visions (southern Cross)

Stratovarius

I have seen the future of mankind
The wisdom of my prophecies you'll find
Follow the truth, and be careful; are we the last?
Hundred years has passed; what have we done?
Inconceivable damage under the sun
I think it's too late to change the man - we are the last
The world keeps turning, while people yearn for more
Mother nature is crying for change
The time will come when we all must pay for what we have done
Are you prepared for that?
As we are reaching the end of the century, there's message we can send
Be strong, and bold, and never lose your mind, 'cause we are the last
Signs of the end, I see
Let them hear my voice in every corner of the world
Take heed of the warnings that I give
I have seen the Southern Cross forming in the sky

"There shall be heard in the air the noise of weapons
And in the same year the divines shall be enemies.
They shall unjustly put down the holy laws and by thunder and war,
True believers shall die." - Nostradamus: Century I V:43-
