Ain't No Sunshine

Wynonna Judd

Ain't no sunshine when he's gone It's not warm when he's away Ain't no sunshine when he's gone And he's always gone too long Anytime he goes awayI wonder this time where he's gone I wonder how long he's gonna stay Ain't no sunshine when he's gone And this house just ain't no home Anytime he goes awayBut ain't no sunshine when he's gone Only darkness everyday Ain't no sunshine when he's gone And this house just ain't no home Anytime he goes awayAnd I know, I know, I know, I know I know, I know, I know I know, I know, I know, I know I know when he's gone He's always gone too long Anytime he goes away Anytime he goes away Anytime he goes away
