

# Nobody Does It Like You

Shawn Desman

I got a smile that's written on my face  
No way to hide it and the one to blame is  
You  
You  
YouYour kind of lovin' makes the sun come out  
Nobody else could ever hold it down like  
You  
You  
YouYou make it feel so right when we turn out the lights  
And I put my hands on your body (body)  
Make my knees go weak  
Make my heart skip a beat  
And nobody does it (hey)Nobody does it like  
You  
You  
YouNobody does it like  
You  
You  
YouNobody does it like youI try to sleep but when I close my eyes (my eyes)  
The only thing that's ever on my mind is  
You  
You  
YouAnd when you're gone I need you back right now (right now)  
The one thing that I could never live without is  
You  
You  
YouYou make it feel so right when we turn out the lights  
And I put my hands on your body  
Make my knees go weak  
Make my heart skip a beat  
And nobody does it (hey)Nobody does it like  
You  
You  
YouNobody does it like  
You  
You  
YouNobody does it like you
