

# On The Line

Tina Arena

Yeah, yeah  
Don't you feel natural lying beside me  
Running your fingers through my hair  
A kiss so tender, baby surrender  
Is it so hard to say you care  
Don't know how to take it  
Don't know where we are  
How we gonna make it  
If you can't put your heart  
On the line  
Line, got to be willing  
Let the way you're feeling  
On the line  
Try to imagine how it will sound  
If you close your eyes and no words came out  
It's so easy, tell me the truth  
Say you love me like I know you do  
Where do we take it  
How do we start  
If you want us to make it  
Got to put your heart  
On the line  
Line, got to be willing  
Let the way you're feeling  
On the line  
On the line  
Line, baby how willing  
To let the way you're feeling  
On the line  
Oh I  
Don't think that saying you love me  
Make you less a man  
I know it's not an easy thing  
Come on put your heart  
Put your heart in my hands  
No, no, no  
Baby I'm willing  
Where do we take it  
How do we start

If you want us to make it  
Got to put your heart  
On the line  
Line, baby how willing  
To let the way you're feeling  
On the line  
On the line  
Line, got to be willing  
To let the way you're feeling  
On the line
