

# Deceiver

## Disturbed

You've been caught in a lie  
You can't deny it So let the war begin, you're far from innocent  
Hell, I just don't know where it will end  
You are the one to blame  
You made a habit of fucking up my life Another fallacy is laid in front of me  
Now I just don't know what to believe  
Another animal sent to devour what ever's left inside I know now and it's all been a lie  
And I'll never come to know why  
I'll learn to discover  
You're leaving me now It's all been a lie  
I don't ever want to know why  
You've mastered the art of  
Deceiving me now A mortal enemy has been revealed in me  
How come I wasn't able to see?  
Another vampire getting their fix from  
Sucking up my life An evil entity had taken hold of me  
Ripped out my heart and started to feed  
I still remember when I thought that all you were  
Eating was my pride I know now and it's all been a lie  
And I'll never come to know why  
I'll learn to discover  
You're leaving me now It's all been a lie  
I don't ever want to know why  
You've mastered the art of  
Deceiving me now This idiot won't let me go  
Slowly penetrating the mind  
I tell you now, my little puppet  
You'll suffer me You don't want to let me go  
Till I've taken over your life  
I'll ensure you survive Little puppet, don't die  
Let me, let me die  
Little puppet, don't die  
Let me, let me die  
Little toy, don't die It's all been a lie  
And I'll never come to know why  
I'll learn to discover  
You're leaving me now It's all been a lie  
I don't ever want to know why  
You've mastered the art of

Deceiving me now It's all been a lie  
And I'll never come to know why  
I'll learn to discover  
You're leaving me now It's all been a lie  
I don't ever want to know why  
You've mastered the art of  
Deceiving me now
