

# Year

## The Nailings Stolen Colors

This year was gonna be good (as I think)  
It will be going how you choose  
And im sure your choose is right (yes it is)  
So let dance together this day (please not)

This year was gonna be bad (itâ€™s not true)  
Itâ€™s actually raining every day (and itâ€™s true)  
And this summer I be with you (if you will)  
So letâ€™s go and have some fun (itâ€™s ok)

This year is going amazing (already)  
I can see you every day (and you too)  
And we want to share our love  
So let dying together this day (yeah letâ€™s go)
