

Perfect Love Song

Squackett

[Instrumental break]

Why don't you ... me in this wind snow
Here in the corner stands alone,
Forgotten dreams, forgotten smiles
While I still want to hear the perfect love song!
Perfect love song!

... Sun goes ... and sun goes plain
One last dream and one last place
Turned into light here
The perfect love song!
Perfect love song!

[Instrumental break]

How quickly memories set the nest
It feels like we already met!
A soundtrack saying on and on
From beginning ... the perfect love song!
Perfect love song!
The Perfect love song! Perfect love song!
The Perfect love song! Perfect love song!
