

We Can't Rest

Camp Chayolei Hamelech

Dear camper, can you explain
Your devotion, how do you attain
You amaze me every day
The way you fill it, each and every minute
Your learning while your friends play

From the moment you awake
You do all for the Rebbe's sake
Tanya on your way
In davening, each word out loud you say
To help a friend you don't delay

The thought of my shlichus enlivens me
Gives me the strength that I need to succeed

But from where comes your fire
Burning so strong
To always choose right over wrong

My dear counselor, you surely know
Of the sicha the Rebbe said years ago
From there comes my flame
And my life it became
And in it the Rebbe explained

(Chorus)

How are you sleeping in comfort at night?
The Beis Hamikdash is burning
Golus we have to fight
My dear chassidim, this darkness must end
We can't rest, tut altz vos ir kent
(End chorus)

You see, I have a mission, a task to fulfill
Completing the Rebbe's will
Until we will see when we open our eyes
That Moshiach has truly arrived

(Chorus until end)

Open your eyes, Moshiach's arrived!
