Unravel

BjÅ³rk

[Foreign Content]While you are away my heart comes undone
It slowly unravels in a ball of yarn
The devil collects it with a grin
Our love in a ball of yarnHe'll never return it
(When you come back)
(We'll have to make new love)He'll never return it
(When you come back)
(We'll have to make new love)While you are away, my heart comes undone
It slowly unravels in a ball of yarn
Devil collects it with a grin
Our love in a ball of yarnHe'll never return it
(When you come back)
(We'll have to make new love)He'll never return it
(When you come back)
(We'll have to make new love)He'll never return it
(When you come back)
(We'll have to make new love)
[Incomprehensible]He'll never return it
(When you come back)
(We'll have to make new love)[Foreign Content]
